Code Heaven Studio

Web Design & Development
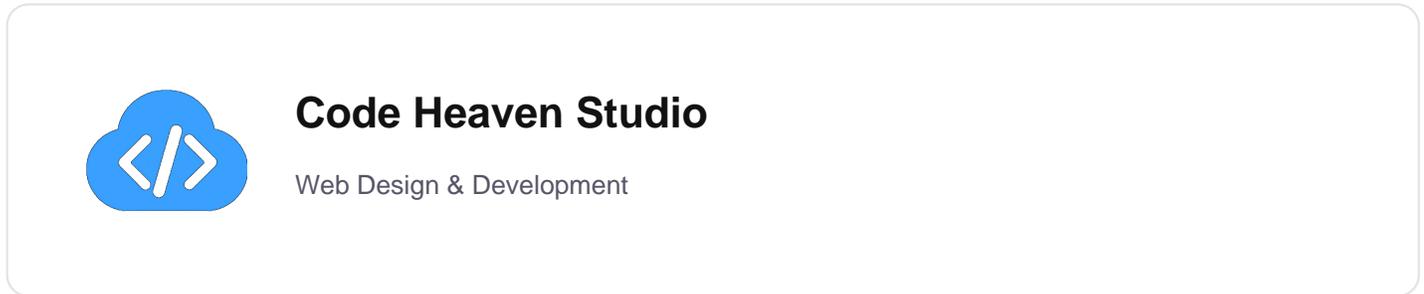

CONTENTS

01 — LIGHT VARIANTS

Primary Logo — Light Background
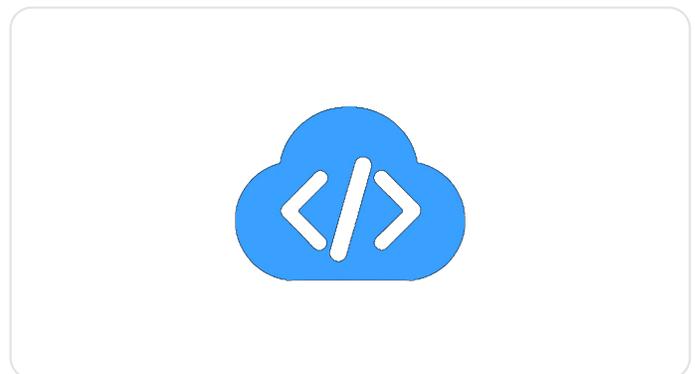

Use these versions on white or light-colored backgrounds.

Code Heaven Studio

Web Design & Development

Horizontal Logo · Light · Recommended for headers and navigation

PNG · SVG

Code Heaven Studio

Web Design & Development

Stacked Logo · Light · Square formats & social media

PNG · SVG

Icon Only · Light · Favicon, app icon, avatar use
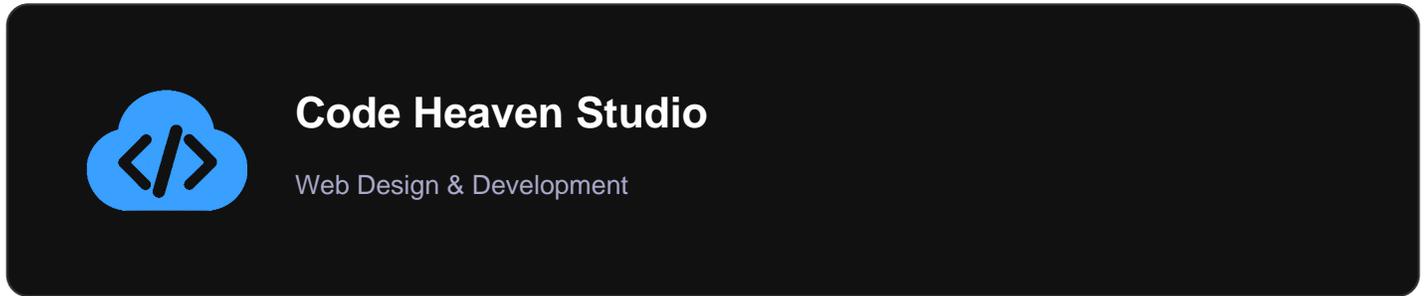

PNG · SVG · ICO

When to use light variants
Use on white pages, light gray sections, and any background where the logo needs to stand out against a pale surface.

02 — DARK VARIANTS

Primary Logo — Dark Background

Use these versions on dark or colored backgrounds.

Code Heaven Studio

Web Design & Development

Horizontal Logo · Dark · For dark headers, footers, and overlays

PNG · SVG

Code Heaven Studio

Web Design & Development

Stacked Logo · Dark · Square formats on dark surfaces

PNG · SVG

Icon Only · Dark · Favicon, app icon, avatar use

PNG · SVG · ICO

When to use dark variants

Use on dark nav bars, footer sections, dark-mode interfaces, or any background with low lightness values.

File Formats Included

PNG
Raster · Transparent Background

Best for web, email, presentations, and social media. Always use at full resolution.

SVG
Vector · Infinitely Scalable

Preferred for print, large-format displays, and all coded interfaces. Never loses quality.

ICO
Icon Format · Multi-resolution

Browser favicon format. Package includes 16×16, 32×32, and 48×48 px variants.

Usage Guidelines

✓   Use the provided logo files without any modification.

✓   Maintain clear space equal to the 'C' height in 'Code' on all sides.

✓   Use the dark variant on dark backgrounds, light variant on light backgrounds.

✗   Do not stretch, skew, rotate, or distort the logo in any way.

✗   Do not recolor the logo or apply shadows, glows, or other effects.

✗   Do not place the logo on busy or low-contrast backgrounds.
